Pension Updation : Pension is revised for retired Government employees with every pay revision automatically. Recently government has updated pension of RBI Personnel. But for bank men it does not happen at all. With this, many are being paid pension which are awfully low. Retirees cannot meet day to day expenditure and cannot afford a dignified living. Family pension is nothing short of a pittance – half the rate applicable to government employees!! Pension drawn by officers in highest scale (i.e. General Managers) of yester years is lesser than that of clerks who have retired/are retiring today.

We request that pension needs to be updated with every salary revision and family pension needs to be revised as is applicable to government employees. Retired personnel have a right to lead a reasonable life for having devoted their life time to the cause of the organisation and nation building
